**SEMINAR**

Trissur : Dr. J.L. Bose, Chairman of Madhya Pradesh Electricity Commission stressed the need to synchronize the progress in the field of generation of electricity so as to maintain the present trend of development and quality.

He further pointed out that limitation on the part of the State Government in the investment field and the indifferent attitude (of Utilities) with the consumers are the main hurdles hovering around in the field of electricity generation in India. This was brought out in his key-note address during the course of Electricity Board's Golden Jubilee organized by the KSEB Engineers Association. Therambil Ramakrishnan, MLA addressed the seminar. Association State President V. Mohanachandran chaired the meeting. Dr. G.C. Gopala Pillai, George Thomas (NTPC), T.R. Ganesh (Power Grid Corporation), Ramakrishnan (Shobha Group), Christo George (Bycon), Prashant Chaturvedi (Madhya Pradesh), Ramesh Babu, P.C. John made a presentation.

C.S. Girija Devi, George Mathew, T.S. Anantharaman, Dr. T.R. Raghulal, K.K. Deepanandan, P.C. Salil, Gayathri Nair, V. Keshav Das, K. Venugopal, K.V. Abdu, T.B. Jagati, Agikumar spoke on the occasion.
